

Kingston Dragonboat Festival

Congratulations to all of the team that participated in the Kingston Dragonboat races on Saturday! You were terrific! What great teamwork! The combination of Linda Dias's drumming and Robyn Dony's steering guided us to gold in the breast cancer challenge cup race! Despite a few sprinkles, it was a terrific day. The organization that Carole Griffen had put into the venue really paid off and despite missing her presence at the race we were able to bring home the gold. Thank you to Carole, Eleanor and Charles (co-managers), and all of the team for a wonderful day.

Liz
